Case 1:08-cr-00391-VM-1

To: The Clerk of Courts.

In early September of 2020, I sent my Compassionate Release motion to the courts. We are now in mid January of 2021 and was yet to recieved a "Denial" letter. F.C.I. Schuylkill has been on Lock-Down status since December 9TH 2020 until present due to 4 inmates and many officers testing positive for the Corona Virus. Around December 15 or 18 the Warden Scott Finley put my health and life at risk by bringing 150 infected COVID-19 inmates from the CAMP adjacent to F.C.I. Schuylkill to be quarantined in UNIT 4B in its Compound. The Warden then "distributed" the positive COVID-19 inmates back into Schuylkill compound in every UNIT even when there weren't ANY positive cases putting my life in clear and present danger. Scott Finley refuses to test the inter compound populations and "Denies" to saying that only the inmates that are going home, to halfway house or being transferred should get tested. Having been in lock down status I have NO way to redo my Compassionate Release. This is due because Scott Finley the Warden of F.C.I. Schuylkill is NOT taking BPE that are written out on paper he wants it done on the computer, which is NOT available to me. It's been over 3 months since we applied for my Compassionate Release and have NOT been given

a response and now am unable to reapply due to our lock-down status knowing very well that it is futile because he has NEVER granted any request for Compassionate Release. My medical history meets the criteria regarding a Compassionate Release/RIS for inmates with medical conditions.

I am morbidly obese, pre-diabetic, liver problems, anxiety, hypertension among other medical issues which they are not treating me for. Please am humbly asking for the courts to assign me a lawyer to help me in the Compassionate Release procedures. As you are well aware of the 3rd strand that is even more contagious than the original Corona Virus is already here. Please help me I do not want to die in this prison alone. Thank you

Respectfully
